A Gala Evening
Out of this World

To Benefit the Esprit Orchestra

The Esprit Orchestra promotes a cultural identity that is distinctly Canadian through its commissioning of Canadian composers, its quality performances of contemporary works and its innovative education program.

Under Founder and Artistic Director, Alex Pauk, Esprit is proudly celebrating its 10th Anniversary Season.

In recognition of its international reputation for excellence, Esprit Orchestra has been chosen to perform a concert in conjunction with a display of space images provided by NASA for the United Nations-sponsored ECO-ED World Congress. You are cordially invited to join Canadian astronaut Ken Money and the international congress delegates for this stellar evening.

EarthRise

Suddenly from behind the rim of the moon, there emerges a sparkling blue and white jewel, laced with slowly swirling veils, rising gradually like a small pearl in a sea of black mystery. It takes a moment to realize this is... home.

EDGAR MITCHELL, ASTRONAUT

Come share this moment as Esprit Orchestra joins NASA at the United Nations-sponsored ECO-ED World Congress to celebrate the rise in global solutions for our endangered earth.

The eyes of the world will be on Toronto this October 17th to 21st, 1992. As the first response after the Earth Summit in Brazil, The ECO-ED World Congress, sponsored by UNESCO, UNEP & ICC, is being attended by approximately 5,000 international delegates comprised of business leaders, scientists, educators, environmentalists and indigenous peoples. They will continue building the partnerships begun in Brazil.

By joining Esprit, NASA and ECO-ED World Congress, as Toronto and the world focuses on this timely event, you are helping to make an eloquent statement on the ecological issues at stake for Planet Earth.
